Recommendations to Improve Efficient Use of STF Budget in Support of CSU Strategic Plan

- Student Tech Fee Advisory Committee will have ability to review all recurring costs. The VP of IT/CIO in consultation with the president will have the ultimate decision authority for all funds.

- The Deans will be in correspondence with UITS throughout the year to requests items for how the STF should be funded.

- Add someone from Academic Affairs as a STF Ex-Officio Committee member.

- Develop a plan to transition recurring expenses to appropriate departments by working with the Provost and the Deans in the next 18-24 months, or more.

- To align with the USG policy, the Student Tech Fee funded projects must focus on benefiting multiple academic departments, and support services units.

- Address the building of more computer labs by getting students access to computer systems and software for academic use with direct impact on instruction.

- Encourage and promote students to utilize their own devices everywhere on campus, including classrooms with infrastructure sufficient to meet the demands.

- Increase availability of laptops and mobile devices in Libraries on both campuses.
